

GLOBAL ENERGY SOLUTION LEADER

OUR PROFILE

EDMI is a global leader in the provision of smart metering solutions. We are committed to delivering high quality and reliable products and services globally and dedicated to offering end-to-end smart metering solutions to assist our customers in overcoming the obstacles faced in the digital transformation in the energy industry.

Headquartered in Singapore, EDM I has been at the forefront of the industry for more than 45 years. EDM I is owned by Osaki Electric Co., Ltd, a leading Japanese metering solutions provider.

OUR SOLUTIONS OFFERING

EDMI offers a range of smart metering solutions under the MIRA platform that includes fully integrated components comprising software, asset management, smart metering devices, communications and associated systems.

OUR MANUFACTURING FACILITIES

EDMI owns and maintains several manufacturing facilities strategically located globally to ensure efficiency in production and on-time delivery of high-quality products.

Malaysia, Senai

China, Shenzhen

Australia, Dandenong

EDMI also collaborates with global manufacturing partners to fulfill the diverse requirements of our customers.

COUNTRIES

OUR SOLUTIONS

UNITED KINGDOM

EDMI plays an integral part of the **UK's national smart metering implementation project** providing electricity and gas **SMETS2** smart meters and 10 Million Communications Hubs for residential and commercial industries.

IRAQ-KRG

Head End System (HES) controls, commissions, and provides real-time monitoring for over **1.5 million EDM Smart Meters**. EDM's solution delivers firmware configuration and upgrades over the air.

THAILAND

Better Asset Management using a single AMR system and **Near-Real-Time Reading** is reducing non-technical losses.

ALBANIA

Main provider of **high precision Class 0.2S/0.5S meters** for DSO and TSO in Albania since 2008. Supplied the metering system for billing, using EDM's Head End System and complies with ENTSO.

CHINA

Supplying **high precision Class 0.2S/0.5S meters** for AMR projects in high and ultra-high voltage substations since 2003.

SINGAPORE

Countrywide **Smart Meter Deployment** as part of Singapore's world-leading AMI rollout within the commercial and industrial sector.

HONG KONG SAR

Deployed smart electricity meters to support Hong Kong SAR's **first smart meter rollout project** as part of the transformation towards a smart city.

CAMBODIA

AMR/AMI solution enabling **remote data reading and monitoring** with over 1 million metering points deployed.

AUSTRALIA

Cloud-Based, Highly Scalable and Future Proof Solutions for the Australian National Energy Market **Power of Choice** regulatory regime.

AUSTRALIA (GAS)

EDMI's smart gas meters, read by EDM's Head End System and accepting up to 23% of renewable gas mixes (including hydrogen), have played an important role in **Australia's first digital gas trials**.

TANZANIA

Provided over 1.2 million electricity meters since 2009. **Prepayment** solution for residential and C&I sectors reducing **Non-Technical Losses and Energy Thefts**.

MAURITIUS

Meter Data Management System (MDMS) manages multiple **Head End Systems (HES)** on one platform. The MDMS is integrated with the customer's SAP system to **Reduce Manual Operations**.

ZIMBABWE

Prepayment Meters with CIU, supplied with STS functionality, are enabling remote credit reloading.

NEW ZEALAND

Cellular Based AMI solution for **Asset Management** is the preferred solution in New Zealand with EDM's deployment of over 3.2 million smart electricity and gas meters providing the majority of services to New Zealand's population of 5 million people.
